 100% MADE IN ITALY 

Flush installation kit for 4000 series digital call station

Composed of: flush box including spacers for installing multiple boxes/frames side by side, and module holder frame.

The frame includes 4 self-tapping torx type security screws, a sealing gasket and side hinges to allow the frame to be opened for installation or inspection.

Book hinge

The hinge allows the outdoor station to be opened like a book, facilitating installation, inspection and maintenance.

Absolute protection

The module frame holder is equipped with a neoprene gasket that seals the outdoor station and ensures perfect adhesion and protection even on uneven surfaces.
