

6788 7" full-duplex hands-free videophone for VX2300 systems

The 6788 videophone is a full-duplex hands- free device with 7" TFT LCD monitor, a look that conveys elegance and cutting-edge technology and blends in with any living environment thanks to the low profile design.

Combining functionality, practicality and intuitive easy of use with a large high-resolution display for optimal visibility. **7" TFT LCD monitor**

for wide viewing and crisp images

Full-duplex hands free

Ensures smooth communication between outdoor station and videomonitor. In case of excessive noise in the external environment, the push to talk function can be activated to allow perfect speech

4 freely configurable buttons

for opening and closing calls, camera recall, door open, intercommunication call, Bus relay activation, privacy and camera switching

Adjustments

3 level call tone volume, speech volume, hue, contrast and brightness

Programmable options

Melody type, numbers of rings and privacy time

Surface or tabletop installation

Signaling LED's

Privacy, Door open, Conversation

6788 is also available in Black Rubber finish (6788/B)

100% MADE IN ITALY
