VIDEX®

THE POWER TO SECURE

VIDEX®

THE POWER TO SECURE

30 YEARS 1986 — 2016

made in **ITALY**

SYSTEM CERTIFICATION
ISO 9001
SGS
Cert. N. IT05/1217

Founded in 1986, Videx designs and manufactures video/audio door entry systems and access controls, standing among the leading companies in the field worldwide.

The variety of the range, quality, service, and the continuity of a purely "Made in Italy" brand have been key factors for Videx Success through its 30 years history.

Our Company exports 95% of the production to more than 45 countries all over the world, offering unique solutions ranging from one or two way systems to complex systems with thousands of apartments.

Videx manufactures using only the highest quality components from a select number of well established Italian companies in order to guarantee the highest standards. Our quality control procedures ensure we deliver a first class product to our customers.

VIDEX have been UNI ISO 9001 certified since 2005.

VIDEX is socially and environmentally responsible, producing its own clean energy and using it to run it's purpose build factory: two solar panel systems, accounting for 200Kw power, entirely fulfil its needs. Solar panels have been installed on the plant roof ensuring zero environmental impact.

Videophones with memory board facility allow, either automatically or manually, to record a picture (or a videoclip, depending on the model) of the visitor who calls.
Thanks to the ability to record several images or video clips (the numer depends on the model), this facility helps to ensure the safety of the users by knowing who has called.

The memory board must be requested when ordering a video phone, as it cannot be added later.

*Not available for **3656** and **3686** videophones*

Videex Cloudnected client

Videx CloudNected Client is a cross-platform application for smartphones and tablets that allows the user to interface to Videx IP products easily.
Register your account in the app and connect Videx IP devices by simply acquiring the device's QR code.
You can receive calls coming from your door panel wherever you are, without needing to keep the application open.
Call the connected devices and operate gates and doors even when you are away from home.

Note: this application does not replace the use of traditional monitors; the application performances are subjet to the energy saving mode of the smartphone and to connectivity.

Terms and conditions of sale

1) DEFINITIONS
In this document the following words shall have the following meanings:
a. "Buyer" means the organisation or person who buys Goods;
b. "Goods" means the items to be supplied to the Buyer by the Seller;
Videx Electronics S.p.A. will be hereafter called "Videx".

2) GENERAL CONDITIONS
Any variation to these Terms and Conditions (including any special terms and conditions agreed between the parties) shall be inapplicable unless agreed in writing by Videx.

3) ORDERS
Any order sent to Videx implies the Buyers acceptance of all the conditions listed into this document.
Purchases are finalized when the Buyer receives the order confirmation from Videx.
After this confirmation, the order cannot be cancelled unless Videx explicitly agrees in writing.

4) PRICES
Price list is to be considered variable as it is subject to variations in production costs which are outside of the control of Videx.
Unless otherwise agreed in writing, prices shall be considered ex-works.

5) RETENTION OF TITLE
Title to the Goods shall not pass to the Buyer until Videx has been paid in full for the Goods.

6) RETURNED GOODS
Returned Goods will not be authorized unless agreed in writing by Videx. Authorized Goods will be accepted only if intact and in their original packaging. Goods not included in the price lists in force will not be accepted.
In case of accepted returned Goods a credit note, corresponding to the invoiced amount reduced by 30%, will be issued.

7) LIABILITY
a. Videx will not be held responsible for damages arising from incorrect installations which do not comply with the specifications provided or for installations carried out by third parties, or for works carried out by third parties on behalf of the Buyer;
b. Videx will make good, by repair or by supply of a replacement, defects which, under proper use, appear in the Goods within a period of 12 months after the Goods been sold and arise solely from faulty design, materials or workmanships; always provided that the defective parts have been acknowledged and so declared by Videx;
c. Videx does not acknowledge any compensation for direct or indirect damages;
d. All goods must be returned to Videx at Buyer's own expenses, until such time as these are tested Videx admits no liability for their condition;
e. Videx admits no liabilities for defective parts caused by wear and tear;
f. All Goods returned for repair must be accompanied by a note in writing stating the nature of the defect claimed, the date of purchase, the invoice number and should be clearly marked with the returning purchaser's full address;
g. Any returned Goods claimed to be faulty by the Buyer and consequently tested and found to be working correctly by Videx, will be returned to the Buyer and a cost will be charged accordingly.

8) PAYMENT
Unless agreed in writing by Videx, the following general conditions apply:
a. Payment Terms and Conditions will be specified on the invoice;
b. Interest rates as per the banking conditions effective at the time will be charged on top of overdue payments;

9) GOVERNING LAW AND JURISDICTION
This Agreement shall be governed by and construed in accordance with the laws of the Republic of Italy. All the disputes arising out of or in connection with this Agreement shall be submitted to the exclusive jurisdiction of the Courts of Fermo (Italy).

Although every effort has been made to provide accurate information, there may be technical or print errors in this catalogue.
Videx reserves the right to make changes, corrections and improvements to such information at any time and without notice.
