

2321S

Audio/video power supply

1 entrance

Max 20 user

3 level voltage output adjustment

Audio/video power supply for VX2300 system, 1 entrance and maximum 20 devices.

Power supply 230 Vac ~ 50/60 Hz, output voltage 35Vdc/0.4A.

3 level voltage output adjustment (35Vdc, 36Vdc and 37Vdc).

Power ON LED to indicate power supply status.

Wall or DIN rail mountable (6 module).

Dimensions: 105×90×59.5 mm.

Technical characteristics

Housing	6 module A type DIN box
Mounting	DIN bar or directly to the wall
Adjustments	Output voltage (3 levels: 35Vdc, 36Vdc and 37Vdc)
Mains voltage	230 Vac ~ 50/60 Hz
Default output voltage	35 Vdc 0.4 A
Working temperature	-20 +60 °C
