SERIES**

4504SA

1 button flush audio module for IPure system,
Special Applications version

Visual, voice and acoustic signals

The audio/video modules are equipped with 4 visual signalling LEDs for the deaf: busy, call in progress, communication open and Service relay activation. Acoustic signals for the visually impaired indicate a call in progress and busy status.

Extreme durability against weather

The module is made of AISI316 stainless steel (marine grade) to withstand the weather over time.

SIP compatibility

Thanks to SIP protocol support, Art.4504SA can be connected to phones and VOIP switchboards.
